Owen Students

- Bridgestone internships during modules which meet the immersive requirement

Employee Development & Retention Considerations

- Potential for full-time offers
- Return-internship offers for continuing students

THE BRIDGESTONE HACKATHON

Student & Career Mobility

The biggest competition of the year, the Bridgestone Hackathon will be an multi-disciplinary contest challenging students to come up with solutions for enhancing sustainability in various industries.

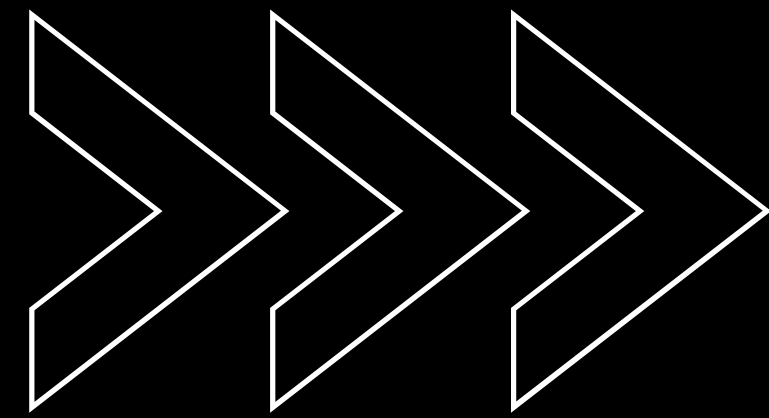

- such as sustainable business practices
- Innovative sustainable materials and designs
- Environmental awareness strategies
- Green transportation

Involving different schools of studies would ensure a more holistic approach to the problem statements including engineering, business development and ethics.

Winners could be awarded with scholarships and internship or employment opportunities.

BRIDGESTONE TIRE ART INSTALLATION

Collaborate with the Vanderbilt Department of Art to create art installations made of sustainable Bridgestone tires in the middle of the campus and in stadiums as part of their Tire Industry Project (TIP)

Potential Locations:

- Student Life Center
- Alumni Lawn
- Peabody Lawn
